

# ROYAL ASTRONOMICAL SOCIETY DISCUSSION MEETING

## SOLAR SAIL MISSION APPLICATIONS

FRIDAY 10<sup>th</sup> MAY 2002

Lecture Theatre of the Geological Society  
Burlington House  
Picadilly  
LONDON

### Organisers:

Professor Colin McInnes (University of Glasgow) [colinmc@aero.gla.ac.uk](mailto:colinmc@aero.gla.ac.uk)

Professor Carl Murray (University of London) [c.d.murray@qmul.ac.uk](mailto:c.d.murray@qmul.ac.uk)

### Summary:

Solar sailing can enable a wide range of exciting new mission opportunities for planetary science, Earth observation, solar and space physics. This meeting will act as a forum to disseminate and discuss concepts for future mission applications and to review progress towards in-orbit technology demonstrations.

09:00 – 09:30 Coffee  
09:30 – 13:00 Meeting  
13:00 – 14:00 Lunch

### Contributions:

All offers of presentations should be emailed to Colin McInnes and Carl Murray by **Friday 22 March 2002**. Please include full contact details, title and a short abstract. Those planning to attend, but who do not wish to offer a presentation, are also asked to email Colin McInnes to confirm attendance.

### Travel:

The meeting will be held in the Lecture Theatre of the Geological Society, Burlington House, London. The nearest tube stations are Green Park and Picadilly Circus.
